c] Slavery is a criminal act in The Kingdom of Canada

d] Enslavement is a criminal offence in The Kingdom of Canada

I AM, HRM Queen Romana Didulo, Commander-in-Chief, President, National Indigenous Chief and Queen of the Kingdom of Canada, hereby issue this Royal Decree effective immediately dated today August 30, 2024 as follows, under "Natural Law."

1] Forthwith, all Employment Laws under the maritime laws, common law, corporation laws, civil law, etc, etc, are hereby prohibited, cancelled, voided, and nullified across the Kingdom of Canada.

2] Forthwith, Labour laws are hereby effectively under "Natural Law" in The Kingdom of Canada

3] Forthwith, all individuals [previously known as employees] in the business of exchanging, trading, and or bartering their labour / services for money, products, services, or goods are to be known as "general contractors".

- This returns complete and full control of their working hours, quality of work, quality of service back in the hands of the individual I Ams, in exchange for the amount of money, services and or goods he or she is willing to receive DIRECTLY from the business [previously known as employer].

4] Forthwith, all minimum wage are cancelled and nullified across the Kingdom of Canada.

- A] This system [minimum wage] is oppressive in all its forms. It devalues and demoralizes workers who have had hands on "field experience" and "skills sets" accumulated over the years.

- b] Minimum wage puts everyone in the same level of field experience and skill sets – this is a false premise and oppressive to those who have had years of field experience and skills accumulated over the years.

- c] An individual who is just entering the work force does not have the same level of field experience and skill sets compared to someone who has been in the industry for years or decades.

- D] Further, this "minimum wage" is an oppressive and unfair practice to "start up businesses" and "small businesses" who do not have large sales revenue that allows them large payroll budgets.

5] Forthwith, those who previously were working as "employees" will now be classified as self-employed, business owners, entrepreneurs via the "General Contractors" Agreement.

i. I] The company hiring the "General Contractors" services are not responsible for any 3rd party deductions. Simply put the company hiring the general contractor [used to be classified as EMPLOYER] is not going to be responsible for collecting any 3rd party deductions, ie CPP, EI, WCB, UNION dues, etc, etc.

ii. The General contractor receives 100% of the money he /she is owed based on the contract full-filled with quality of work/quality of product/quality service] as specified in the contract.

iii. The form of payment [ie, cash, gold, silver, barter, trade] must be specified in the contract between the business hiring [previously known as Employer] and the general contractor [previously known as Employee].

iv. The frequency of payment must be specified in the contract [ie, daily, weekly, bi-weekly, monthly, or yearly or by phases if working as project general contractor].

v. IF the contract agreement is specific to a "piece work" or a "project" the payment is required to be in three [3] phases as follows:

(a) Phase 1 = 33% of the total contract amount to begin work until a specific point of work is completed.

(b) Phase 2 = 33% payable after phase 1 has been completed, quality inspection is completed and certified by a 3rd party professional inspector retained by the project owner at the project owner's expense.

(c) Phase 3 = 34% payable when the entire project is completed, quality inspection is completed and certified by a 3rd party professional inspector retained by the project owner at the project owner's expense.

(d) Work quality guarantee and warranty must be specified and included [number of years workmanship and materials, etc.] in the general contractor's contract and the project owner/company hiring the general contractor.

(e) The cost and care of materials also must be specified in the general contractors contract.

(f) IF, uniform is required at the business location [ie a restaurant, hotel, etc] the business owner must provide these uniforms free of charge to be returned when the contract is over/completed.

6] Forthwith, it is criminal act to deduct any amount of money [or its equivalent] from the pay check of the general contractors [previously known as employees].

7] Forthwith, individuals at the age of majority who are of, sound mind and not under duress" and volunteering their services are exempt from the General Contractor regulations.

8] All Ministries/Bureaus and or Departments affected by this Royal Decree are hereby instructed to work cohesively and ensure companies are fully in compliance with all requirements herein.

9] Violators of this Royal Decree shall be charged with economic sabotage, treason, artificial creation of famine, enslavement, slavery, financial fraud, corruption, embezzlement, crimes against homo sapiens / crimes against humanity, and money laundering and murder.

10] Furthermore, a daily financial penalty of “one hundred million dollars backed by gold and silver for every violation / infraction.”

This Royal Decree is effective immediately.

Re: Safety, Security, and Sovereignty of The Kingdom of Canada-

CIVIL AIR NAVIGATION – NATIONALIZATION, FORTHWITH.

I AM, HRM Queen Romana Didulo, Commander-in-Chief, President, National Indigenous Chief and Queen of the Kingdom of Canada, hereby issue this Royal Decree effective immediately dated today September 10, 2024 as follows, under “Natural Law.”

1] Forthwith, the unique and critical role of managing the 18 million square kilometres of The Kingdom of Canada's civil airspace and the North Atlantic Oceanic airspace under the Kingdom of Canada's control is effectively NATIONALIZED.

This is to protect the safety, security and sovereignty of The Kingdom of Canada. Only corrupt and incompetent politicians and bureaucrats would "privatize" and hand over the full control and management of our our Airspace to a Not For Profit – Private Company.

2] Air transportation is an essential industry that connects the Kingdom of Canada to the world. It plays a vital role in our economy and in our communities from coast to coast to coast.

Thus, the full control and management of our our Airspace cannot wholly be in the hands of a Not For Profit – Private Company. If anyone took under consideration the safety, security, and sovereignty of The Kingdom of Canada this multi industry / multi sector controlling and managing The Air space of The Kingdom of Canada would have never happened.

3] It is high treason / treason to have a "fully private company responsible for air traffic control, flight information and other aeronautical services of The Kingdom of Canada".

What happened to our Air space sovereignty, security and safety?

4] The critical role of The Kingdom of Canada's CIVIL AIR NAVIGATION within the aviation ecosystem is to help guide aircraft safely and efficiently through our airspace.

A fully private company who reports to its Board and shareholders cannot be responsible for air traffic control, flight information and other aeronautical services of The Kingdom of Canada.

5] The Kingdom of Canada's CIVIL AIR NAVIGATION Ministry and Space Force are responsible 100% in overseeing air traffic through its sophisticated network of area control centres,

(a) air traffic control towers,

(b) flight service stations,

(c) maintenance centres,

(d) flight information centres and

(e) navigation aids across the country.

6] The Kingdom of Canada CIVIL AIR NAVIGATION customers include:

(a) airlines,

(b) business aviation,

(c) air cargo operators,

(d) air charters,

(e) air taxis,

(f) helicopter operators and

(g) general aviation pilots and owners.

7] The Kingdom of Canada's CIVIL AIR NAVIGATION Ministry and Space Force are responsible 100% in overseeing air traffic control, flight information, and other aeronautical services.

8] CIVIL AIR NAVIGATION Ministry and Space Force manages one of the largest regions of airspace in the world. It is recognized internationally for its safety record, service excellence and technology innovation, and works closely with the global air transportation industry.

9] Forthwith, ensure all "general contractors" [previously known as employees] at CIVIL AIR NAVIGATION Ministry/Departments, etc and Space Force are Canadian Nationals only across The Kingdom of Canada.

10] Forthwith, contracting / sub-contracting to non Canadian Nationals is strictly prohibited and unlawful.

11] Forthwith, all Ministries/Bureaus and or Departments affected by this Royal Decree are hereby instructed to work cohesively and ensure companies are fully in compliance with all requirements herein.

12] Violators of this Royal Decree shall be charged with economic sabotage, treason, enslavement, slavery, financial fraud, corruption, embezzlement, crimes against homo sapiens / crimes against humanity.

13] Furthermore, a daily financial penalty of "one billion dollars" backed by gold and silver for every violation / infraction."

This Royal Decree is effective immediately.
